ACCESS

AEROSPACE MAINTENANCE

AIRCRAFT MAINTENANCE APPLICATIONS

Ladder Industries mobile ladder stands and platforms provide aircraft manufacturing and maintenance personnel with safe and effective access to inspect, assemble, repair, service and maintain a wide range of equipment for the aerospace industry. With standard and custom designs available, Ladder Industries will work with you to determine an ideal access solution that will meet your project needs.

Our customer-specific designs and industry-leading product quality will serve your needs for years to come. Benefits include:

- ▶ Safe, secure access for maintenance tasks
- ▶ Zero contact with the aircraft body
- ▶ Industrial-strength for indoor/outdoor use
- ▶ Custom designs available
- ▶ Products help prevent workplace injuries

Ladder Industries (a subsidiary of Wildeck, Inc.) is firmly committed to manufacturing high quality, safe access products and serving our customers with the highest integrity and responsiveness. Our abilities and dedication to your needs have positioned Ladder Industries as the oldest and most dedicated designer/manufacturer of mobile ladder stands, custom work platforms, and stair structures in the country. We appreciate the loyalty and trust that our dealers and customers have placed in our company for more than 60 years.

Thank you for considering Ladder Industries products and capabilities. We look forward to finding an access solution that will help your aerospace project run smoothly.

PRODUCT LIST

Custom
Platforms

Custom Stairs
and Platforms

737 Nose Gear Stand

Work
Stands

Cantilever
Rolastair

Helicopter
Maintenance Stands

Ladder Industries can provide a custom platform to get the helicopter mechanic to the desired working height while working around the skids and body. We design in the features that make aircraft maintenance safe and easy for your mechanics. Then we add in shelves and tool trays at the top of the platform, and configure the guard railing to avoid contact with the aircraft.
